The Simulation Learning System (SLS) integrates simulation into your health assessment course by providing realistic scenarios and supportive learning resources that correspond to Seidel: Mosby's Guide to Physical Examination, 7th Edition. The SLS offers targeted reading assignments and critical thinking exercises to prepare you for the simulation experience; access to patient data with a shift report and fully-functional electronic medical record (EMR); post-simulation exercises including charting and documentation activities in the EMR, reflective journaling, and concept mapping; and review resources including animations, videos, and textbook references. Simulation with the SLS is a complete learning experience that bridges the gap between lecture and clinicals to prepare you for the real world of nursing. **This product is intended to be used in an instructor-led course in order to access product content.**
