Messenger is the first prequel to the bestselling Guardian Trilogy - the breathtaking romantic saga about a love that has lasted centuries between a messenger and her guardian.

Maggie does not know she is a messenger. She has never met her eternal lover. She has never survived a Fallen One. All this changes when a messenger awakens in the Hall of Records only to die moments later, never to return.

As Maggie sets out to determine why the messengers are suddenly beginning to die, she crosses paths with the infuriatingly appealing Eran and their story begins.

In this riveting account of Maggie's first life on earth with Eran, the star-crossed lover's romance transpires amidst treacherous enemies, their friends' resistance, and their own opposing wills. With the odds against her, can Maggie survive long enough to admit the feelings she has so carefully denied?

Check back for the next prequel in the Guardian Trilogy in the coming months!
