*Michel Foucault*

**The Essential Foucault: Selections from the Essential Works of Foucault, 1954-1984** Michel Foucault  
Few philosophers have had as significant an impact on contemporary thought as Michel Foucault. His complete uncollected writings, under the title *Dits et écrits*, were published in French in 1994 and in a three volume series from The New Press that brought the most important of these works—courses, articles, and interviews, many of them translated into English for the first time—to American readers. Now, Paul Rabinow and Nikolas Rose have collected the best pieces from the three-volume set into a one-volume anthology.

*The Essential Foucault*, which features a new and provocative introduction by Rabinow and Rose, is certain to become the standard text for all those interested in a comprehensive overview of Foucault's thought.
