Bava's Gift: Awakening to the Impossible Michael Urheber

Based on events that can only be described as miraculous, BAVA'S GIFT brings together ideas in science and spirituality, and delivers a fresh and engaging perspective about the nature of such events. The story begins with the death of the author's close friend. But everything takes an amazing turn when a hastily prepared experiment that requires the cooperation of the deceased shatters commonly accepted notions about reality. Soon, more people begin experiencing the same phenomena, and become entangled in this true story of faith and healing-one that invites readers to discover their own hidden truth. MICHAEL URHEBER is a graduate of Colorado College, where he majored in music. He has spent most of his professional career as a Creative Director at leading communication firms, before undertaking the writing of BAVA'S GIFT, his first non-fiction book. He resides in Bucks County, Pennsylvania.
