Heartless Can be More Than a Description. Sometimes, It's a Diagnosis.

Still suffering after the tragic death of his wife, Private Investigator Derek Cole is hired to protect a family from their son who had already killed three and promised to add his family to his list of victims. Cole learns that the child was born heartless and declared dead at birth. Or so the parents were told.

Revenge is Only a Heartbeat Away

Alexander Black should not have lived. Born a conjoined twin, he shared one heart with his twin. When doctors, desperate to save at least one child, separated Alexander from the shared heart, they expected him to die.

But Alexander Black refused to die

Smuggled away and hidden in a psychiatric hospital where he is tested by doctors driven to uncover the medical mysteries keeping him alive, Alexander grows. And as he grows, so too does his desire for revenge.

A Thousand Miles of Pain Leaves a Three Inch Scar

As Private Investigator Derek Cole begins to unravel the mysteries surrounding his case, he realizes that before the bizarre and dangerous case of the heartless Alexander Black can be solved, he first needs to solve a mystery from his own troubled past. And the answer to that mystery may prove to save his life.

Again.
