The Scars Series box set includes both full-length novels, The Scars of Us, and Mending Scars, plus never before seen bonus content from the series. The prologue and first chapter from Kamden's book, Scarred Remnants, is also included. The Scars of Us Kaiya Marlow has always been cautious, precise in every decision she makes. When her dark past threatens to resurface, she decides to take precautions to protect herself by enrolling in self-defense classes at her gym. Her instructor, Ryker Campbell, is the tattooed womanizer everyone warns about. Kaiya attempts to resist Ryker's advances, but the more time they spend training together, the harder it is for Kaiya to resist him. Ryker's view on relationships is simple: strictly sex, nothing more. Haunted by demons from his past, he never allows himself to become attached to any woman. No attachment means no weakness, no vulnerability, no pain. He doesn't realize that his whole world is about to be turned upside down when Kaiya enters his self-defense class. Determined to have her, at least for one night, Ryker sets a plan into motion that will change both of their lives forever. Will love be able to heal their scars, or are they too deep to overcome? Disclaimer: 18+ for explicit sexual situations and some sensitive subject matter Mending Scars Even though Kaleb is out of Kaiya's life, the scars he left behind remain a constant reminder of the pain he subjected her to for most of her life. Still tormented by those old demons, and plagued by the events of that traumatic night, Kaiya has more to deal with as she moves forward in her relationship with Ryker. Ryker's past continues to haunt him when something unexpected flips his and Kaiya's lives upside down. Neither are prepared for what's to come. What happens when the past refuses to stay buried? Will love continue to be enough to overcome the obstacles they'll face, or are their scars too severe to mend? Disclaimer: 18+ for explicit sexual situations and some sensitive subject matter
