Michelin's European atlases have an exciting new look inside and out. The new cover design highlights the focus on road travel adventures and discovery, while inside, the new, simplified page numbers make it easy to locate the next page of the journey. Small locator maps on each page clearly situate the map page within the context of the larger area for better navigation. Extremely practical town and city map pages include a map of the town center and the surrounding area. Of course, all the atlases feature Michelin's accurate mapping, updated each year by dedicated Michelin teams, where you'll find Michelin picks for scenic drives.
