## **The God of Christianity** Bob Wearda

The God of Christianity is my first book. It seems to me that the writing is about one percent, while the study and research is about ninety nine percent. This research is an enlightening road to knowledge. The God of Christianity may seem like every other book about religion. However, whether a reader is refreshed or trudges, through tradition, a foundation is established. Tradition as history is quite susceptible to error. What makes this book possibly different is that I do not expect anyone conceive the truth in the same manner that I do. Thank from Bob Wearda
