**Selections from The Cotton Kingdom by Frederick Law Olmsted (The Bedford Series in History and Culture)** Frederick Law Olmsted

Although Frederick Law Olmsted is best remembered as a premier landscape architect, it is *The Cotton Kingdom* that historians regard as an equally significant part of his legacy. In this volume, John C. Inscoe makes Olmsted's classic work accessible to student audiences for the first time. The Introduction places Olmsted's personal history in the broader context of sectional conflict, and the selections are organized chronologically and geographically to reveal the extent of Olmsted's travels and his appreciation of the multiplicity of the antebellum Southern experience. A chronology, questions to consider, and bibliography enrich students' understanding of the conflicts over slavery in the critical decade of the 1850s.
