The Hydra Plan: The Guide to Complete Internet Domination: How to get Rich Online By Blogging and Social Media Richard Fordell

The internet is the New Wild West and the gold is everywhere.

With determination and a good work ethic you can establish a solid empire that will bring you riches.

The path is simple, but not easy. I have spent 3 years creating my own online empire. I have had a lot of success but it took learning things the hard way. This e-book was created to save you the time, money sinks, and headaches that I had to endure. It's a resource that I wish I would've had when I began my journey. The blueprint, however, is exactly what I used to master the internet, create an empire, and grow my income. I tried to formulate, condense, and include everything I know to help you out the best I can. I want you to be able to work your way up to a 6 digit income. Don't listen to the naysayers and skeptics. IT can be done. It will just require dedication and patience. If you're not making 6 figures, then you can spare the time. Trust me. Life is much better when you get there.

No matter what you have to offer, what niche you are going after, what other variables involved, this plan is the blueprint that works. The amount of success you have, however, will ultimately depend on you and what you are going to do with the knowledge I am sharing.

The concept behind the plan is the Hydra, that multi-headed beast from Greek Mythology. Each head represents a specific project or niche. The goal of the Hydra plan is to leverage traffic from each "head" and tie it all together into one gigantic empire and money-making machine.

The way this will manifest will be different for everyone. Some of you may want to leverage your heads into one single project or single website that will make you money. I, myself, do not have a single "hub." Instead, I use each head to drive internet traffic to the other heads. Each head targets a specific audience, and I connect all of them using a hidden thread. In the end you will create a network of hydras. This is the only way you are going to be able to get to 6 figures.

This is a step-by-step, no bull or fluff guide for everyone who is ready to start making real money through a second income. If you can master the Hydra Plan, then you won't need a second income. Your hydras will become your income. You can quit your day job (eventually) and start looking at other ways to earn money
