The Life of Colonel David Crockett (Alta Edition)

Book Details: Cloth over hardback boards, decorated cloth, 271 pp with a portrait of Davy Crockett.

About This Book: The Edward Ellis biography of Davy Crockett is lively and comprehensive. Ellis, best known as the author of "The Steam Man of the Prairies" and the Deerfoot novels, is a skillful purveyor of Americana. Here is a bit of his deliciously overheated opening to the book...

"'Make room for Colonel Crockett!' said the usher at the White House, one evening, when the famous Congressman from the backwoods presented himself with a number of other callers. 'Colonel Crockett makes room for himself!' was the exclamation of the Member as he strode into the room. The incident is typical of the man. Gifted by nature with an exhaustless fund of humor, born to privation, hardship and labor, trained, not in the school of books, but in the severer one of experience, he exhibited true manliness, honesty and bravery in all his words and actions."

Ellis does not attempt to maintain this sort tone for the entire biography, revealing that he can be an historian and grounding his love of incident in historical fact. This book, nonetheless, is designed to entertain.
