The 13th Step: A Global Journey in Search of Our Cosmic Destiny Ph.D. Jude Curriwan

In 1998, scientist, healer, and mystic **Jude Curriwan** heard an inner message—a call to undertake a global quest that would transform her life and take her and her fellow travelers on an inner and outer odyssey that would ultimately reveal our hidden heritage and cosmic destiny.

The initial intention of these journeys was to activate the healing energies of 12 ancient Lemurian artifacts around the earth to support the collective shift of awareness prophesied for 2012. But an even deeper purpose began to unfold. . . .

The native elders of indigenous traditions around the world say that in these momentous times, “We are the ones we have been waiting for.” As did the heroes of mythology, we are now about to embark on a spiritual quest to remember the wholeness of who we really are.

The 12 activations and the opening of a galactic portal were completed during the December solstice of 2003, but in 2006 a further call heralded a 13th healing journey.

As we approach 2012 and experience the birth pangs of a new age, this book shares an inspirational message of hope and reconciliation. It offers an empowering call for every one of us to embody our own divinity and fulfill our highest purpose as the heroes of this transformation.
