**Getting Started in the Computerized Medical Office: Fundamentals and Practice** Cindy Correa

Getting Started in the Computerized Medical Office: Fundamentals and Practice appeals to those programs needing a more elementary software and approach for students who may not be as adept as others with technology. This reference provides basic hands-on computer skills in a modular unit so instructors can choose to omit it in their class or user it as a review. It allows total flexibility for teaching billing and office management separately and addressing the needs of students to learn medical software and basic computer skills.
