**Can one cadet really destroy the Ship after 5,000 years?**

With towering structures that jut out from the foundation of a massive asteroid, the Ship hurtles through space to preserve humanity. Its Mission -- seed a hostile universe with one billion colonists who fled a dying Earth generations ago.

Zax has trouble fitting in with the other cadets as he strives to climb the ranks, but with quick thinking and daring action he captures the attention of the second most powerful officer in the Crew. Winning the Flight Boss as a mentor should guarantee Zax his dream spot in the Flight Academy, unless the startling discovery he makes along the way not only derails his career, but also shatters the Ship's fraying society.
