From the mind of pulp great, H.P. Lovecraft.

Lovecraft's major inspiration and invention was cosmic horror: the idea that life is incomprehensible to human minds and that the universe is fundamentally alien.

He's developed a cult following for his Cthulhu Mythos, a series of loosely interconnected fictions featuring a pantheon of human-nullifying entities, as well as the Necronomicon, a fictional grimoire of magical rites and forbidden lore.

His works were deeply pessimistic and cynical, challenging the values of Enlightenment, Romanticism, and Christian humanism.
