Harper Lee Reed, the daughter of Dr. Cecil and Dr. Francesca Reed, has it all. She is a statuesque beauty with brains and plenty of money. Harper, however, does not want to fit in with other socialites. Other than her best friend Stacey, Harper tries to keep a low profile. Several high profile relationships have failed, and she just wants a normal life. Bucking the tradition in her family Harper becomes a physician's assistant working in orthopedic surgery. This gives her the freedom to have a normal life not always complicated by work. Harper enjoys working to earn money, volunteering, hanging out with her best friend Stacey, and best of all knowing what she wants from life.

After a serious drought in the love department, Harper has a one night stand with an ex-boyfriend that will flip her world upside down. Men are lining up to be with Harper. However, the consequences of that night will thwart her chances for happiness. Can she find love while carrying another man's baby? Can she finally detach from high society and have a quiet life? Probably not! Join Harper on this rollercoaster of love, sex, fame, and fortune.

The book contains scenes depicting graphic sex, language, and actions. This book is intended for mature audiences.
