As new challenges arise with a changing society, parenting styles need to adapt, as well.

“The 7 Principles of Faith-Based Parenting” is a step-by-step guide for parents seeking to raise successful and well-adjusted children. By emphasizing the importance of a strong family foundation, author La Shawn B. Wells helps to counteract the consequences of a society with weakened family systems and generational gaps.

Wells used personal experience with his own family and faith for inspiration when creating his method for effective parenting. Combining his professional background as a coach and lawyer with direct feedback from his daughters throughout the book, Wells brings an experienced, practical and faith-based approach to modern parenting.

“My wife and I discovered that in order to help keep our girls on the right track, we needed to bridge the generational gap,” Wells said. “I wanted to share with other parents some methods and ideas to help open that line of communication between parent and child.”

Featuring activities for both parents and children, “The 7 Principles of Faith-Based Parenting” provides key points and tools that help address real-life challenges through using the SMART system and sharing talking points and journal topics.
