The letter of Jesus Christ is not something you will find in the Bible; it is not something you will find in many places at all—but for hundreds of years, the “Epistle of Jesus Christ to Abgarus King of Edessa” was one of the greatest legends of the early church. In many ways, it sounds like a church conspiracy straight from the pages of the Da Vinci code; the reality is, however, the legend lost popularity as people began to question its authority. In this book, the origins of the letter (along with the actual text of the letter) are revealed—along with it you will learn about the different theories of the legend, its relationship to the Shroud of Turin. From obscure history and little known facts to insight into the possible origin of one of the most famous relics of the twentieth century, this short book is one not to be missed. HistoryCaps is an imprint of BookCaps Study Guides. With each book, a brief period of history is recapped.
