Demographic statistics and shifting Census data indicate that growing political polarization, racial tensions, and the element of change in America's culture and society brought on by both legal and illegal immigration are all leading towards the Balkanization of America. Looting and riots. Culture Wars. A looming minority majority. What will this mean for your future, and for our nation? This nonfiction book will help you get your head around what is coming, and prepare you to survive the collapse and breakup of the United States! This is the book that Thomas Chittum would write today, if he wasn't so politically correct. Written by Billy Roper with an introduction by Gregory Kay.
